The Under Dog in the Fight. BY DAVID BARRER.

I know that the world, that the great, hig world, From the peasant up to the king. Has a different tale from the tale I tell, And a different song to sing.

But for me-and I care not a single fig If they say I am wrong or am right I shall always go for the weeker dog. For the under dog in the fight. I know that the world, that the great, big world

Will never a moment stop To see which dog may be in the fault, But will shout for the dog on top.

But for me. I never shall pause to ask
Which dog may be in the right,
For my heart self heat, while it beats at all,
For the under dog in the fight.

Perchance what I've said I had better not said, Or 'twere better I had said it incog., But with heart & with glass filled chock to the brim Here's a health to the bottom dog. Exster, Maine, March, 1859. -N. Y. Post.
